Maximum living comfort
regardless of season

WPE-I H 230

GEOTHERMAL HYDRONIC HEAT PUMPS

Maximum living comfort and efficiency

Comfort moves into your home with the WPE-I H Premium inverter geothermal heat pumps. This device uses the heat from the ground for heating and hot water operation. The year-round constant heat output with high flow temperatures offers maximum living comfort regardless of the season.

Product features

- › Geothermal heat pump for hot water and heating
- › Made in Germany
- › Year-round optimal operation and maximum efficiency thanks to inverter technology
- › High flow temperatures of up to 75 °C for energy-efficient heating and large amounts of mixed water
- › Future-proof and environmentally friendly refrigerant
- › Optional integration into the home network and control via smartphone
