CNS 2000 Plus LCD Move

Intelligent heating with
functionality and aesthetics

CNS 2000 Plus LCD Move

CONVECTION PANEL HEATER

Heating with style

Thanks to its sophisticated and timelessly elegant design, this freestanding convector fits into any living space seamlessly. The appliance is easy to program and versatile to use, for example as a booster heater or in recreational rooms that are only used sporadically. This heater offers the greatest possible operational reliability thanks to the built-in pendulum switch, as it switches off automatically if it is tipped over. The appliances are available in different colours for optimum integration into the living space.

Product features

- › Weekly timer with 3 time programs, self-learning function and open window detection
- › In timer mode, the self-learning control unit calculates the preheating time automatically
- › User friendly, freestanding convector heaters with high heating output
- › Clean shape enclosure with aesthetic design
- › Electronic controller with illuminated LCD screen
- › Safety through overheating protection
- › Long lasting stainless steel tubular heater with steel fins
- › During a power failure, the clock is buffered for up to 10 hours
- › All-pole operating switch

Dimensions

Type	CNS 2000 Plus LCD Move	
Article no.	207544	
Output	kW	2.0
Current	A	8.7
Connection	1/N/PE ~ 230 V	
Temperature adjustment	°C	5 – 30
IP Rating	IP24	
Height (Including feet and handle)	mm	524 (Incl. feet + handle)
Width	mm	738
Depth	mm	80
Depth including feet and handle	mm	234
Weight	kg	7.8
Colour	White (similar to RAL 9003)	
Installation	Free standing appliance
